So, when CityNation found out that not too long ago, a million Small Businesses went bankrupt or just closed their doors, I said, "That's the kind of complex problem that I used to solve before I retired.

"And, nobody else seems to be solving that problem. So, it's my duty to roll up my sleeves and solve that problem. Because that was my specialty, for many years."

It took a little bit of time and lot of testing, but I finally solved the problem."

And now, all the Mom and Pop Small Businesses in America can grow their business as good and as big as they ever dreamed of.

Because the CityNation Marketing Company will give you those 3 required things, in one form or another. Just contact CityNation Marketing, or one of our Dealers.

We call it the "CityNation Miracle Marketing System." That's all you need.

Here is Some Background

The Value of this Marketing System

Large corporations would pay over \$9,000 per month for a similar, but not as powerful, Miracle Marketing Program.

Your average subscription fee is less than 4/10 of one percent of what the corporations would pay. And, we pay you Extra Money as a Dealer, that offsets your subscription payments.

Thus, this is not just entirely FREE, but you can also obtain a Profit, for pocket money.

Basic Solution

The solution starts with the German Mathematician, George Cantor, and his Set Theory that he published in 1873. We had to modify his Set Theory in order to achieve our required solution. We created “Sets” for our various tasks.

And we monetized certain “Set Tasks” so that it created the required “Customer’s Total Zero Cost” for this entire Marketing System.

Net Result: The Mom & Pop Businesses will pay Zero for the year, at or before the end of each year.

Team Effort

This is a Team Effort. Both CityNation and you will have one goal: To make your business as good and as big as you set out to achieve for that year. Then, we go on to the next year.

This is a year-by-year Marketing Effort – with a 5-Year Master Plan. Each business is unique. On average, you can expect to grow 20% to 60% in any one year.

Primary Criteria

- 1). First, you need to have some “Skin in The Game.” This is the small monthly subscription fee that you pay. This will give you the respect and enthusiasm for fulfilling this Miracle Marketing System.
- 2). Second, you must have the sincere determination to win and be successful, when you are given the opportunity to win and achieve your own goal, like this one.

Who are we

We are an Ex-Rocket Scientist (retired) that started the CityNation Miracle Marketing System Company.

Little known history. When the first 3 astronauts died testing the Apollo V Spacecraft for going to the moon - and Congress was about to consider cancelling the entire Space Program, NASA called on me to develop a solution that would solve the problem so that it would never happen again. And when NASA implemented my conclusions, congress soon cancelled their investigation’s.

That was my specialty, innovating solutions to major complex problems.

So, come aboard. And start making history. Just like we did for the Apollo Moon Mission. And, you too will find this to be so amazing. And, tell your grandkids the history that you were a part of.

If you have any concerns About Joining

CityNation provides a 15-Days FREE Trial Period that you can use. During this 15 days, you will be part of the installation and checkout of your Miracle Marketing System. You can cancel any time during the 15 days.
